

Make it happen

We'll make it happen with our lives
Kosen-rufu will be realised
Many in body one in mind
For kosen-rufu we will fight

Fulfilling the dreams of Nichiren Daishonin
Eternal peace is what we're here to win
Every day moving ahead through changing times
Happiness for all is what we bring

Let's stand up stand up
Rise above it all
Stand up stand up
And shine (repeat)

So let's celebrate this life we have
With a string of victories where we stand
Reminding ourselves of the master plan
Happiness for all in the Buddha land

We'll make it happen with our lives
Kosen-rufu will be realised
Many in body one in mind
For kosen-rufu we will fight
(repeat chorus)

So here we are together once again
To renew our pledge and to celebrate
May every day a bright and sunny day
One vision one with Sensei

Let's stand up stand up
Rise above it all
Stand up stand up
And shine (repeat)
Many in body one in mind...
